Robix Announces Proposed Shares for Debt Private Placement

October 31, 2016 – Lethbridge, AB: Robix Environmental Technologies, Inc. (“Robix” or the “Corporation”) (RZX:CSE) (Frankfurt:ROX) announced today that it intends to settle outstanding indebtedness of \$273,133.78 owing to certain holders of unsecured, 12% per annum interest bearing promissory notes through the issuance of 1,707,086 common shares of the Corporation at a deemed price of \$0.16 per common share (the “**Debt Settlement**”). The common shares issued in connection with the Debt Settlement will be subject to a hold period of four months from the date of closing.

About Robix:

The Corporation is an “industrial products/technology” company, offering to investors a unique opportunity to participate in a leading company in the business of ownership of patents, and their development from commercialization to worldwide expansion through various business arrangements. Robix owns a Clean Ocean Vessel (“COV”) patent, which is an oil spill recovery vessel design with the capability to recover oil in rough and debris laden sea conditions. Robix has recognized a worldwide market opportunity for effective containment, recovery and disposal equipment, particularly in the oil spill protection industry, and it proposes to develop a business model as a service provider, and/or equipment provider under licensing agreements with other industry participants, wherein Robix will use its COV patented design solution.
